Dr. George Wood, Superintendent
Federal Hocking School District
8461 State Route 144
Stewart, Ohio 45778

Dear Dr. Wood:

On June 2, 2011, I conducted a reconnaissance inspection of the wastewater treatment plant (WWTP) at the Coolville Elementary School. Leroy Guess, maintenance superintendent and Dave Walker and Jim Allen, custodians, represented the facility on the inspection.

The purpose of the inspection was to evaluate the facility's status of compliance with Ohio Revised Code (ORC) Chapter 6111. Wastewater samples were not taken.

There is no NPDES permit for this facility. You are therefore discharging without a permit as required by ORC Chapter 6111. It is required that you submit a Notice of Intent for coverage under the General Permit for Small Sanitary Discharges, OHS000003, within 30 days of receipt of this report. A copy of the form is attached.

If you have any further questions, please contact me at (740) 380-5284 at your convenience.

If there are any questions, please contact me at (740) 380-5284.

Sincerely,

Ms. Abbot Stevenson
