Subject: Notice of Violation - Failure to Sample Drinking Water as Required for Total Coliforms

Dear Owner/Operator:

Your public water system is in violation of Rule 3745-81-21 of the Ohio Administrative Code for failure to comply with the coliform monitoring requirements:

Monitoring Period:	**April - June 2007**
Required Coliform Sampling:	**One /Calendar Quarter**
Sample Results Submitted:	**None**

Actions required as a result of the above violation	
Step 1	**Within 30 days** issue the attached public notice of the violation in accordance with rule 3745-81-32 of the Ohio Administrative Code by the following methods: 1. Continuous posting, mail, or other direct delivery; and 2. If necessary, the system must also use any other method reasonably calculated to reach all persons served by the public water system. *The language in italic on the attached public notice is mandatory language and must be included as written.*
Step 2	Within ten (10) days of completing **Step 1** above, fill out the attached verification form and send along with a copy of the public notification issued to the District Office of the Ohio EPA.

If samples were taken, we have not received the results. Please forward a copy of the results to my attention. Late reporting is a reporting violation but if the sample was taken and a result obtained, you will not need to issue the attached public notice.

NOTE: This is the third consecutive quarterly bacteria violation for this system. Please be aware that chronic violations may lead to escalated enforcement actions.

If you have any questions, please contact me at (330) 963-1293.

Sincerely,

Cynthia M. Petretich
