Re: Village of Leesburg
Highland County
Community Water System
PWS ID: 3600712

Village of Leesburg
Freddie Snyder, Village Administrator
575 Fairfield Street
P.O. Box 311
Leesburg, OH 45135

Subject: Monthly Operating Violation, Failure to meet requirement

To Whom It May Concern:

According to OAC-3745-83-01 Operational Requirements, each community public water system shall prepare an operation report for each month of operation. This report should contain the free and total chlorine daily residuals in the distribution and at the plant tap. For the month of **January 2011**, the Village of Leesburg public water system failed to meet the required residual for free or combined chlorine on fifteen different days. This is a violation of the rule. The Village of Leesburg public water system shall provide an explanation in writing to Ohio EPA concerning this matter and explain the progress that has been made to ensure that the free or total chlorine residuals are maintained in the distribution system and at the plant tap within 30 days of the date of this letter.

If you have any further questions or comments concerning your water system, please feel free to contact me at 937.285.6118.

Sincerely,

Gina Hayes
Division of Drinking and Ground Waters
Public Drinking Water Unit
