It has come to our attention that sample results for volatile organic chemicals (VOC) collected at EP001 on June 25, 2013 were submitted by the laboratory after a monitoring and reporting violation was issued. Therefore, the violation dated August 22, 2013 is rescinded and Scott Molders Incorporated PWS is excused of the public notice requirement.

Please emphasize with your laboratory the importance of submitting sample results on-time, as this could lead to further problems in the future. In order to remain in compliance, you must continue to monitor for all chemical parameters as indicated on your most recent monitoring schedule.

If you have any questions, please contact me at (614) 644-2752.

Sincerely,

Michael W. Deal
