To ensure the safety of drinking water provided by your system monitoring for total coliforms is essential.

   Timing: As soon as practical, but no later than one year after learning of the violation:

   - Mail or other direct delivery to each customer; OR
   - Annual Consumer Confidence Report provided it's distributed within one year after learning of the violation; and
   - If necessary to reach all persons regularly served, use other notification methods such as newspaper publication, public posting or Internet posting;
   - Posted notices must remain in place as long as the violation or situation exists, but in no case less than seven days (even if the violation is resolved). The language in italics on the enclosed public notice is mandatory and must be included, as written. Do not make changes to the public notice without consulting with the Ohio EPA beforehand.
