To ensure the safety of drinking water provided by your system monitoring for total coliforms is essential.

ACTION REQUIRED:

Transient or Non-Transient Non-Community
Timing: As soon as practical, but no later than 30 days after learning of the violation:
Methods: • Posting in conspicuous location, such as bulletin boards, restrooms, drinking fountains, vending areas, • Mail or other direct delivery to each customer, • Newsletters or newspaper, • E-mail to employees or students, • Send to parents or guardians of children at schools or day care facilities.
Posted notices must remain in place as long as the violation or situation exists, but in no case less than seven days (even if the violation is resolved).
