Dear Sir or Madam:

On February 24, 2010, I conducted an inspection of the S & G Manufacturing facility wastewater treatment plant (WWTP) in Logan. The purpose of the inspection was to determine the facility's compliance status with the terms and conditions of NPDES permit number OIS00001\*FD. A copy of the inspection report is attached.

Currently the WWTP is not in working condition and is only being used as a holding tank which is pumped weekly by the City of Logan. Please notify me in writing when the facility has connected to the city's sewer system and the WWTP has been abandoned.

If there are any questions, please call me at (740) 380-5268.

Sincerely,

Jack Knapp  
District Representative  
Division of Surface Water
