Dear Ms. Lane:

We have reviewed your discharge monitoring reports (DMRs) for the period of December 2012 through April 2013. Our review indicates violations of the conditions of your NPDES permit. The January and April 2013 DMRs were submitted late. This is a violation of Part III, Item 4(C) of the permit which states that DMRs submitted using the e-DMR shall be submitted to Ohio EPA by the 20th day of the month following the month of interest. The January DMR was received by Ohio EPA on March 19, 2013 and as of the date of this letter, the April DMR has not yet been received.

Please submit the data for April as soon as possible and submit within **10** days upon receipt of this letter as to the reasons for the above permit violations and actions being taken to prevent further occurrences. If a prior explanation of these violations has been sent no further action is required.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements specified in your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

If you have any questions please feel free to contact me at (740) 380-5418 or email me at tim.fulks@epa.ohio.gov.

Sincerely,

Tim Fulks
