Heath, Ohio 43056

Dear Mr. Gordon:

We have reviewed your discharge monitoring reports (DMRs) for the period of September 2012 through February 2013. Our review indicates violations of the conditions of your NPDES permit. The discharge monitoring reports for September and December 2012 was submitted late. This is a violation of Part III, Item 4(C) of the permit which states that DMRs submitted using the e-DMR shall be submitted to Ohio EPA by the 20th day of the month following the month of interest. The September DMR was received by Ohio EPA on November 22, 2012 and the December DMR was received on February 15, 2013.

Please submit within **10** days upon receipt of this letter as to the reasons for the above permit violations and actions being taken to prevent further occurrences. If a prior explanation of these violations has been sent no further action is required.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements specified in your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

If there are any questions, please contact me at (740) 380-5418.

Sincerely,

Timothy A. Fulks
District Representative
