Re: Athens County
OU Parking Lot 50 Expansion
Storm Water Construction Activity
Permit 0GC01998*AG

Mr. Terry Baxter-Potter
Ohio University Dept. of Design and Construction
160 W. Union Street
Suite 154
Athens, Ohio 45701

Dear Mr. Baxter-Potter:

On June 11, 2013, I visited the site located on Ohio Universities Campus that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statues, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or me at (740) 380-5447.

Sincerely,

Joe Cook
