Dear Mr. Sharp:

Thank you for your responses, which were received on May 9 and 23, July 20 and 27, 2007, regarding Ohio EPA's March 30, 2007, Notice of Violation letter. You submitted documentation for Composix of an updated notification, a generator annual report for 2005, corrected manifests for the past three years, a copy of a previously missing manifest, located and corrected land disposal restriction notification records, photos of corrected used oil tank marking, and a description of changes in your used oil recycling practices.

Composix has now abated all of the violations identified in the March 12, 2007 compliance inspection:
