Re: **Safety Kleen Corp.**
CRO (OHD981188840)
Licking County

Dear Mr. Fleming:

On August 22, 2008, Ohio EPA received an updated certification of Regulated Substance and Equipment Removal (90-day final form), dated August 19, 2008, for the closed Safety-Kleen Corp. distribution facility at 2041 James Parkway in Heath, Ohio. This superseded an earlier certification dated April 30, 2008, that had been received and reviewed, and was the subject of a letter from our office to you dated May 22, 2008

I had conducted a follow-up on-site inspection walkthrough with you on August 14, 2008, to review efforts made to comply with the applicable requirements since my initial visit to the site for similar purposes on May 15, 2008.

At this time, Safety-Kleen Corp. has completed its obligations for final cessation of regulated operations (CRO) at the Hebron Distribution Center. The violations which were noted previously, have now been corrected:
