Return to Compliance**

Dear Mr. Miller:

On January 19, 2009, Cooley Custom Cabinetry submitted documentation and photographs in response to Ohio EPA's December 30, 2008 notice of violation. The documentation and photographs included labeled and/or dated of containers of hazardous wastes, new paint gun cleaning containers to be closed when not adding/removing waste, listing of emergency contacts and posted emergency information, and completed weekly hazardous waste accumulation area inspections.

Based upon review of the above information, it has been determined that Cooley Custom Cabinetry has adequately abated all violations cited from the December 23, 2008 compliance evaluation inspection, as listed below:

1. **OAC Rule 3745-52-34(C)(1), Accumulation Time of Hazardous Waste;**
2. **OAC Rule 3745-52-34(D)(4), Accumulation Time of Hazardous Waste;**
3. **OAC Rule 3745-52-34(D)(5)(b), Accumulation Time of Hazardous Waste; and**
4. **OAC Rule 3745-66-74, Inspections.**

Should you have any questions or need additional information, I can be reached by telephone at 614-728-5037.
