Dear Mr. Winland:

On May 21, 2008, I conducted a Compliance Evaluation Inspection for the CONSOL Energy Muskingum Prep Plant facility. I was accompanied by you. Also, an application for an NPDES permit renewal was received in our office on March 7, 2008. CONSOL has asked for the removal of outfalls 581 and 601 from the permit. The area concerning these outfalls was inspected and the outfalls will no longer required in the permit.

Enclosed is a copy of the inspection report. Please feel free to call me with any additional questions or comments at (740) 380-5227.

Sincerely,

Scott Foster
