Athens, Ohio 45701

Dear Commissioners:

On September 4, 2009, Abbot Stevenson and I representing the Division of Surface Water with Ohio EPA, inspected the wastewater treatment system serving the Waterloo Community Center located in New Marshfield, Athens County. The purpose was to evaluate the condition of the wastewater treatment plant.

At the time of the inspection, the effluent from the plant appeared to be clear. However, your plant appears not to have been installed per the approved plans. I have attached pictures of the plant and corresponding selection of the approved plans. I believe it would be beneficial to have you or the plant operator meet with me and the contractor who installed the plant at the facility to discuss the construction of the facility. I would like complete this meeting prior to October 30. Please have a representative contact me at (740) 380-5266.

Sincerely,

Cynthia Yandrich
District Representative
Division of Surface Water
