Dear Council Members:

On May 19, 2011, Jacob Howdyshell and I conducted an inspection of the Nelsonville Wastewater Treatment Plant (WWTP). Phil Smith, Operator of Record, represented the facility on the inspection. The purpose of the inspection was to review sludge handling compliance and to determine the facility's compliance status with the terms and conditions of NPDES permit number 0PB00006*HD. A copy of the inspection report is attached. Jacob Howdyshell will provide the city with a detailed inspection report regarding the facility's status of compliance with the sludge regulations in the near future.

If there are any questions, please call me at (740) 380-5284 at your convenience.

Sincerely,

Ms. Abbot Stevenson
Environmental Engineer
