Dear Mayor and Council:

On July 20, 2010, I conducted a Compliance Evaluation Inspection (CEI) of the Senecaville wastewater treatment plant. The purpose of the inspection was to determine the facility's compliance status with the terms and conditions of NPDES Permit Number 0PA00089*DD. Matt Stiers, plant operator, was present during the inspection.

Adequate aeration was being provided to the two aerated lagoons and the facility grounds were well maintained. The UV disinfection system and the new flow meter were both operational and flow calibration was recently completed by the manufacturer. At the time of my inspection the treated effluent was observed clear with no objectionable odor. Attached for your review is a copy of my detailed inspection report.

If you have any questions about my inspection, please call me at (740) 380-5416.

Sincerely,

Jake Greuey
