Dear Mr. Hollingsworth:

The current National Pollutant Discharge Elimination System (NPDES) permit authorizing the discharge of sanitary wastewater from the Eastern Alliance facility will expire on January 1, 2008. According to terms in your current permit, the permittee is required to submit the necessary permit renewal application forms 180 days prior to the expiration date of your current permit. As of this date, our office has yet to receive your permit renewal application which is a violation of your NPDES permit. In order to renew your permit, two copies of NPDES forms 1, 2E, 2S, and the Anti-degradation Addendum shall be mailed to this office with a check in the amount of two-hundred dollars made out to "Treasurer-State of Ohio." All the renewal application forms can be found on our website at www.epa.state.oh.us under the Division of Surface Water link and then going to the "Forms and Publications" site.

If there are any questions, please contact me at (740) 380-5416.

Sincerely,

Jake Greuey
