Re: Muskingum County
Polk Scrap Iron and Metal
2011 CEI
Correspondence (IWW)

Mr. Fred Polk, Owner
Polk Scrap Iron and Metal
1900 West Main Street
Zanesville, Ohio 43701-8945

Dear Mr. Polk:

On June 3, 2011, I conducted a compliance evaluation inspection to determine Polk Scrap Iron's compliance with their NPDES permit. I was accompanied by you.

At the time of the inspection, the ponds for capture of storm water runoff were partially filled with water. There has only been one discharge from the ponds which was in January of 2011. This was due to a berm failure at the facility that allowed external water to flow into the ponds.

There was adequate vegetation growing on all the berms, ponds and slopes in the facility.

The ponds did have absorbent pigs floating on them for clean-up of a hydraulic spill that had occurred at the facility due to an equipment malfunction. After some research, I spoke with Rich Stewart from our Division of Materials and Waste Management and he advised that for proper disposal of the pigs, you should put them in a plastic bag and dispose of them in the landfill. Should you have further questions about proper disposal, you can reach Mr. Stewart at (740) 380-5278.

An inspection report is attached. If you have any questions or comments, please feel free to call me at (740) 380-5227.

Sincerely,

Scott Foster
