Correspondence (PWW)

Mr. Eric Compston, Operator  
Burr Oak Marina #4  
10660 Burr Oak Lodge Road  
Glouster, Ohio 45732

Dear Mr. Compston:

On October 20, 2009, I conducted a Compliance Evaluation Inspection at Burr Oak Marina #4 located in Glouster, Ohio. Cynthia Yandrich, with this office, assisted me with the inspection. You and other ODNR personnel represented Burr Oak and accompanied me during the inspection. The purpose of the inspection was to determine Burr Oak's compliance with NPDES Permit Number 0PP00043\*ED and the Ohio Water Pollution Control Act, Revised Code Chapter 6111.

As a result of the inspection and review of our files, I found no apparent violations.

Attached is a copy of the inspection report which indicates the areas reviewed during the inspection. Burr Oak should take the appropriate actions to maintain the facility for compliance with all terms and conditions of the NPDES permit.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets and

U.S. EPA's Facility Pollution Prevention Guide, (EPA/600/R-92/088), you may contact the Ohio EPA Pollution Prevention Section at (614) 644-3469 or me for additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Foster", with a long horizontal line extending to the right.

Scott Foster  
Environmental Specialist 2  
Division of Surface Water
