Dear Mr. Sherlock:

On July 14, 2011, I conducted a compliance evaluation inspection for the Clarington Bulk Plant in Clarington, Ohio. The onsite representative was you. You informed me the facility had no petroleum product stored in the tanks onsite and the facility may be sold in the near future. We discussed procedures for sampling to meet the requirements of the NPDES permit. URS is the company responsible for sampling at the facility.

I found no apparent violations at the bulk plant.

A copy of my inspection report is attached. If you have any questions or comments, please feel free to call me at (740) 380-5227.

Sincerely,

Scott Foster
