Dear Mr. Winland:

On May 21, 2008, I conducted a compliance evaluation inspection for the Powhatan #4 Mine in Monroe County. I was accompanied by you. We discussed the reclamation that had occurred at the mine site and toured the areas. We also met with Mr. Art Boston of DOVES at the mine entry site and discussed outfall 006, Route 556 No. 2 Portal Sanitary Effluent. The property has been purchased by Mr. Boston and the outfall 006 will be removed from CONSOL's NPDES permit. Mr. Boston will be utilizing portable toilets for his employees. Also, outfalls 001, 008, 010, 016, 017 will be eliminated from the permit due to reclamation and the abatement of discharges.

If you have any questions or comments, please feel free to call me at (740) 380-5227. Enclose is a copy of the inspection report.

Sincerely,

Scott Foster
