Re: Monroe County
ODOT Duffy Outpost
2012 CEI
Correspondence (PWW)

Mr. Glenn Soles, Treatment Plant Operator
ODOT Duffy Outpost
ODOT District 10
338 Muskingum Drive
Marietta, Ohio 45750

Dear Mr. Soles:

On July 21, 2011, I conducted a Compliance Evaluation Inspection for ODOT Duffy Outpost located in Duffy, Ohio. The purpose of the site visit was to check the compliance of ODOT Duffy Outpost with its NPDES permit number 0IN00117*ED and Ohio Revised Code 6111. As a result of the inspection and review of our files, I found no apparent violations.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets and U.S. EPA's Facility Pollution Prevention Guide, (EPA/600/R-92/088), you may contact the Ohio EPA Pollution Prevention Section at (614) 644-3469 or me for additional information.

If you have any questions or comments, please feel free to contact me at (740) 380-5227 or email at scott.foster@epa.ohio.gov.

Sincerely,

Scott Foster
Environmental Specialist 2
Division of Surface Water
