Re: Muskingum County  
Kensington Village  
Storm Water Construction Activity  
Notice of Violation  
0GC00690\*AG

Mr. Larry Parr  
Mid-Ohio Development Corp.  
P.O. Box 32449  
Columbus, Ohio 43232-0449

Dear Mr. Parr:

On June 27, 2011, I visited your site on Northpointe Drive in Zanesville. The purpose of the inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. The following areas need to be addressed:

**Permit Coverage**

1. Part III.G.2.h of the permit states that all sediment control practices must be maintained and repaired until the entire up slope area of the development has been stabilized. According to Part III.G.2.i. of the permit, controls must be inspected once every seven calendar days and within 24 hours after any storm event greater than one half an inch in 24 hours. Repairs must be accomplished within three days of the inspection, except in the case of sediment ponds, which must be repaired within 10 days. In accordance with Part III.G.2.d.vi., if inspections or other information indicates that a control is not functioning or ineffectual, then the permittee must replace or modify the control. Sediment and erosion controls for your site must meet the guidelines and design criteria set forth in the above mentioned *Rainwater and Land Development* manual. A copy of this manual may be obtained by contacting the Ohio Department of Natural Resources, Division of Soil and Water Conservation, at (614) 265-6610.

**Upon inspection of this site, silt fencing along the north end of the property had been rendered ineffective by sediment-laden storm water flows. Please repair all compromised silt fencing and maintain all other storm water controls as construction continues.**

Within fourteen (14) days of receipt of this letter, please submit to me at this office a written notification as to actions taken or proposed to eliminate violations of the permit. Your response should include the dates, either actual or proposed, for the completion of the actions. If you have any questions, please contact me at (740) 380-5447 or Aaron Wolfe at (740) 380-5277.

Sincerely,

L.J. Parkins  
Storm Water Section  
Division of Surface Water
