Re: Tuscarawas County
Twin City Hospital
Stormwater Construction Activity
Notice of Violation
OGC00569*AG

Mr. Rick Rieger
Twin City Hospital
819 N. First Street
Dennison, Ohio 44621

Dear Mr. Rieger:

On July 16, 2007, I visited your site on 819 N. First Street. The purpose of the inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of stormwater associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. The following areas need to be addressed:

1. It appeared that only a small portion of land had been disturbed and was properly covered with aggregate at the time of inspection. What are your future plans for the site, and when will construction resume?

Sediment and erosion controls for your site must meet the guidelines and design criteria set forth in the Rainwater and Land Development manual. A copy of this manual may be obtained by contacting the Ohio Department of Natural Resources, Division of Soil and Water Conservation, at (614) 265-6610.

Within fourteen (14) days of receipt of this letter, please submit to me at this office a written notification as to actions taken or proposed to eliminate violations of the permit. Your response should include the dates, either actual or proposed, for the completion of the actions. If you have any questions, please contact me at (740) 385-8501 or Aaron Wolfe at (740) 380-5277.

Sincerely,

Michael Campbell
Stormwater Section
Division of Surface Water
