Ms. Katherine H. Beach  
Smith Concrete Company  
P.O. Box 365  
Marietta, Ohio 45750

Dear Ms. Beach:

On May 3, 2011, I visited the site located on State Route 618. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

At the time of my inspection, the site was inactive and it appeared that industrial activities had been completed. In accordance with the NPDES permit, a Notice of Termination (NOT) must be submitted to the Ohio Environmental Protection Agency (Ohio EPA) to release you from the terms and conditions of this permit.

It appears that your site meets the above criteria. If you agree, please submit an NOT within 45 days of the completion of construction activities. Failure to submit an NOT is a violation of the permit requirements and may affect your ability to obtain a NPDES permit in the future.

Please send the completed NOT to the following address:

Ohio Environmental Protection Agency  
Division of Surface Water  
Storm Water Section  
P.O. Box 1049  
Columbus, Ohio 43216-1049

If there are any questions, please contact me at (740) 380-5277.

Sincerely,

A handwritten signature in black ink, appearing to read 'AW', with a long horizontal stroke extending to the right.

Aaron Wolfe  
Storm Water Section  
Division of Surface Water
