Re: Ross County
Tar Hollow State Park
Compliance Inspection
Correspondence (PWW)

Mr. Marty Hall, Park Manager
Tar Hollow State Park
16396 Tar Hollow Road
Laurelville, Ohio 43135

Dear Mr. Hall:

On June 21, 2007, I conducted a Compliance Evaluation Inspection (CEI) of the Tar Hollow State Park's wastewater treatment plant that serves the lodge and park office. The purpose of the inspection was to determine compliance with the terms and conditions of National Pollutant Discharge Elimination System (NPDES) Permit Number OPP00037*CD. Steve Young, plant operator, was present during the inspection.

As a result of my inspection, I have the following comments:

1. New grating has been installed throughout the entire wastewater plant as requested in my last inspection last May.
2. At the time of my inspection the one sand bed in use had a moderate level of weeds which Mr. Young informed me he would be removing soon once the flow is switched to the other bed. The idle sand bed was clean and should be raked level prior to use.

At the time of my inspection, the facility was found to be in substantial compliance with the NPDES permit and the detailed inspection report is attached for your review. If you have any questions regarding my inspection, please call me at (740) 380-5416.

Sincerely,

Jake Greuey
District Site Representative
Division of Surface Water
