ODNR Shawnee State Park
4404 State Route 125
Portsmouth, Ohio 45663-9003

Dear Mr. McAllister:

On August 31, 2011, I conducted a compliance evaluation inspection at Shawnee State Park Marina WWTP located in Portsmouth, Ohio. I was accompanied by Jack Knapp of this office. Shawnee was represented by Dustin Davis, Water Treatment Coordinator. The purpose of the site visit was to check Shawnees' compliance with its NPDES permit number OGS00069*AG and Ohio Revised Code 6111.

As a result of the inspection and review of our files, I found no apparent violations. Shawnee should make every effort to maintain the treatment system in compliance with its' NPDES permit.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets and U.S. EPA's Facility Pollution Prevention Guide, (EPA/600/R-92/088), you may contact the Ohio EPA Pollution Prevention Section at (614) 644-3469 or me for additional information.

If you have any questions or comments, please feel free to contact me at (740) 380-5227 or email at scott.foster@epa.ohio.gov.

Sincerely,
