Dear Mr. McCorry:

Thank you for your July 22, 2010 response to Ohio EPA's June 24, 2010 Notice of Violation letter. The documentation you submitted included a description of what steps PPG Industries Ohio, Inc. (PPG) will take to comply with the inspection frequencies specified in the permit application for tank storage and information about labeling less than 90-day tanker trucks that are accumulating hazardous waste.

My review of this documentation reveals that PPG has now abated all violations discovered during the June 16 and 17, 2010 inspection as listed below.

Letter Citation #	Rule Citation
1.	OAC Rule 3745-50-58(A), Failure to operate in accordance with the hazardous waste permit application Section F
2.	OAC Rule 3745-52-34(A)(2), Accumulation time of hazardous waste (abated June 16, 2010)
