**Re: Return to Compliance, Richard Brakeall, CEG, Greene County**

Dear Mr. Brakeall,

On January 29, 2008 Ohio EPA received a correspondence from you documenting that the solvent waste you generate is now being managed off site by Crystal Clean.

My review of this documentation reveals that you have abated the violation of OAC 3745-51-05 (G) cited in Ohio EPA's October 24, 2006 NOV, November 8, 2006 NOV, and November 28, 2007 NOV. To avoid future violations of this nature, you must determine if the waste that you generate is hazardous waste and ensure delivery of any hazardous waste that you generate to a permitted treatment storage disposal facility.

Ohio EPA's failure to list specific deficiencies or violations in this letter does not preclude you from having to comply with all applicable regulations. If you have further questions, please feel free to call me at (937) 285-6082.

Sincerely,

Brian Gitzinger  
District Representative  
Division of Hazardous Waste Management
