Mr. Grant Garrison
Buffers and Biochemicals Corp.
150 Commerce Blvd.
Loveland, OH 45140

Dear Mr. Garrison:

On October 25, 2007, you called me to inform me that all regulated material had been removed from Buffers and Biochemicals Corp.'s facility in response to Ohio EPA's August 9, 2007 and October 16, 2007 Notice of Violation letters. I conducted an inspection on October 26, 2007 and determined this to be accurate. However, you still had not completed the Regulated Substance & Equipment Removal 90-day Form. You completed this form (that you mailed to DHWM's Compliance Assurance Section) and faxed it to me on October 29, 2007.

A review of this documentation reveals that Buffer and Biochemicals Corp. has adequately demonstrated abatement of all violations discovered during Ohio EPA's July 26, 2007 inspection. I'm also submitting a completed checklist for your review.

This letter does not relieve Buffer and Biochemicals Corp. from liability for any past or present violations of the state's CRO laws and rules.

If you should have any questions, please feel free to call me at (937)285-6091.

Sincerely,

Pam Hull
District Representative
Division of Hazardous Waste Management
