RE: Resource-One, Return to Compliance Letter

Dear Mr. Groeschen:

Thank you for your February 10, 2007 response to Ohio EPA's January 22, 2007, Notice of Violation letter. The documentation you submitted included a copy of your RCRA subtitle C site Identification form, copy of your generator knowledge certification form, photographic documentation demonstrating secondary containment for used oil storage and a revised training program for the management and handling of used oil at your facility.

My review of this documentation reveals that Resource One has now abated all violations discovered during the January 3, 2007 inspection as listed below.

Letter Citation #	Rule Citation
2	OAC Rule 3745-279-42(a), Notification by Used Oil Transporters
3	OAC Rule 3745-279-44 (A) and (D), Rebuttable Presumption for Used Oil for Transporters
4	OAC Rule 3745-279-45(D), Used Oil Storage at Transfer Facilities
5	OAC Rule 3745-279-45(G), Used Oil Storage at Transfer Facilities

It was determined that Ohio EPA had cited the following violation in error:

1. Used Oil Collection Centers [OAC 3745-279-31(B)(2)]

Resource One has notified as a transfer facility and does not need to register as a collection center. Ohio EPA will retract this violation from our data base.
