Dear Mr. Leach:

Thank you for your December 18, 2009 and January 11, 2010 response to Ohio EPA's December 15, 2009 Notice of Violation letter. The documentation you submitted included photographic documentation demonstrating the labeling of containers used to collect used absorbents with the words "Used Oil".

My review of this documentation reveals that Hartzell Propeller, Inc. has now abated the following outstanding violation discovered during the November 24, 2009 inspection as listed below.

- OAC Rule 3745-279-22(C): Used oil storage requirements for generators.

Should you have any questions, please call me at (937) 285-6070.

Sincerely,

Jeff Smith
