Re: Complaint Investigation – Return to Compliance

Dear Mr. Staub:

On March 2, 2010, Larry Dickerson and I met with you to discuss a complaint alleging mismanagement of waste. Particularly, the disposition of 55 gallon drums being stored behind the property at 9233 North Dixie Drive. The purpose of our investigation was to assess the validity of the complaint and determine whether hazardous waste rules or regulations were violated accordingly and to determine compliance with Ohio's Hazardous Waste Laws as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

A Notice of Violation letter was sent to you dated March 10, 2010. I returned to this facility on May 17, 2010, and met with you. At the time of this visit, all of the used oil and hazardous waste drums were properly disposed and you provided the manifests. Therefore, **Bastech is Returned to Compliance** at this time for all violations noted in the March 2, 2010 letter.

Returned to Compliance

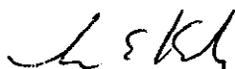

- OAC Rule 3745-52-34(A)(3) - Labeling of Drums - **Returned to Compliance**
- OAC Rule 3745-52-34(A)(2) – Dating of Drums Area - **Returned to Compliance**
- OAC 3745-279-22 (B) - Used Oil - **Returned to Compliance**
