Dear Mr. Smith:

On March 17, 2011 I received your e-mailed response to my February 18, 2011 Notice of Violation (NOV) letter. You provided me a change page to DuPont's contingency plan with the name of the new backup emergency coordinator. You also provided a list of the off-site locations which will be provided with the change page. My review of the documentation allows me to conclude that you have adequately demonstrated abatement of the violation of OAC 3745-65-54. You have also been returned to compliance for those violations of your permit which I cited.

Please feel free to call me at (937) 285-6090 if you have any questions or if I can assist you in any way.

Sincerely,

Tom Ontko
