## **Certified Mail Provides:**

- A mailing receipt
- A unique identifier for your mailpiece
- A record of delivery kept by the Postal Service for two years

## **Important Reminders:**

- Certified Mail may ONLY be combined with First-Class Mail® or Priority Mail®.
- Certified Mail is *not* available for any class of international mail.
- NO INSURANCE COVERAGE IS PROVIDED with Certified Mail. For valuables, please consider Insured or Registered Mail.
- For an additional fee, a *Return Receipt* may be requested to provide proof of delivery. To obtain Return Receipt service, please complete and attach a Return Receipt (PS Form 3811) to the article and add applicable postage to cover the fee. Endorse mailpiece "Return Receipt Requested". To receive a fee waiver for a duplicate return receipt, a USPS® postmark on your Certified Mail receipt is required.
- For an additional fee, delivery may be restricted to the addressee or addressee's authorized agent. Advise the clerk or mark the mailpiece with the endorsement "Restricted Delivery".
- If a postmark on the Certified Mail receipt is desired, please present the article at the post office for postmarking. If a postmark on the Certified Mail receipt is not needed, detach and affix label with postage and mail.

**IMPORTANT: Save this receipt and present it when making an inquiry.**

RE: Continued Compliance Evaluation Inspection - OHR000014605

Dear Mr. LaMantia:

On January 12, 2010, Jeff Smith and I conducted an inspection of Multi-Service's Dayton, Ohio facility. The inspection was a follow up to the December 14, 2009, inspection. George Wagers represented Multi-Service during the inspection. Multi-Service's last hazardous waste shipment was on December 14, 2009. The focus of the inspection was on the hazardous waste storage area. Based on this inspection, Ohio EPA has determined that Multi-Service has violated the following hazardous waste regulations:

**1. Accumulation time of hazardous waste, Ohio Administrative Code (OAC) 3745-52-34(A)(2) and (A)(3):**

(A)(2) The date upon which each period of accumulation and/or treatment begins is clearly marked and visible for inspection on each container;

(A)(3) While being accumulated and/or treated on-site, each container and tank is labeled or marked clearly with the words "Hazardous Waste."

Multi-Service failed to comply with OAC 3745-52-34(A)(2) and (A)(3) by not properly labeling one hazardous waste 55-gallon drum with the accumulation date or with the words "Hazardous Waste." **Therefore, Multi-Service is in violation of OAC 3745-52-34(A)(2) and (A)(3).** To return to compliance, immediately label the hazardous waste drum with the accumulation date and with the words "Hazardous Waste."

**2. Condition of containers, OAC 3745-66-71:** If a container holding hazardous waste is not in good condition, or if it begins to leak, the owner or operator must transfer the hazardous waste from such container to a container that is in good condition or manage the waste in another manner that complies with the

10-10-10

requirements of Chapters 3745-65 to 3745-69 and 3745-256 of the Administrative code.

Multi-Service failed to comply with OAC 3745-66-71 by not properly abating a leak from one 55-gallon hazardous waste drum. **Therefore, Multi-Service is in violation of OAC 3745-66-71.** To return to compliance, immediately transfer the hazardous waste from the leaking 55-gallon drum into a container in good condition.

**3. Treatment, storage, and disposal facility Ohio Revised Code (ORC) 3734.02(E)(2) and (F) state in part:**

(E)(2) No person shall establish or operate a hazardous waste facility for the storage, treatment, or disposal of any hazardous waste, without a hazardous waste facility installation and operation permit issued in accordance with section 3734.05 of the Revised Code.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of. . . except at or to any permitted hazardous waste facility.

Multi-Service failed to comply with ORC 3734.02(E)(2) and (F) by storing seven (7) totes and eight (8) 55-gallon drums beyond the 90-day storage limit. **Therefore, Multi-Service is in violation of ORC 3734.02(E)(2) and (F).**

This is the fourth notice of violation letter sent to Multi-Service for failing to have hazardous waste totes or drums (42 total) shipped off-site before the 90-day storage limit. Because Multi-Service has violated ORC 3734.02(E) and (F), Multi-Service is subject to all applicable general facility standards found in OAC Chapters 3745-54 and 55. Additionally, at any time Ohio EPA may assert its right to have Multi-Service begin facility-wide cleanup pursuant to the Corrective Actions process under Ohio law.

If you have any questions, please either call me at (937) 285-6093 or email at [cathy.altman@epa.state.oh.us](mailto:cathy.altman@epa.state.oh.us)

Sincerely,

Cathy L. Altman
