Warren County, SWDO
Return to Compliance

Mr. Todd Haines, District Manager
Ohio Department of Natural Resources
Division of Wildlife
District 5 Headquarters
1076 Old Springfield Pike
Xenia, Ohio 43385

Dear Mr. Haines:

On June 4, 2009 I received Scott Phillips' June 1, 2009 response to my May 5, 2009 Notice of Violation letter. The documentation Mr. Phillips submitted included photographs demonstrating that all used oil located at the ODNR Spring Valley Wildlife Area Headquarters had been collected and disposed of properly through Clean Water Limited; EPA OHD004274031, and the one 55 gallon used oil drum located inside the shop bay has been labeled with the words "Used Oil."

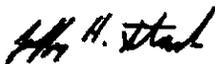

My review of this documentation along with a return to compliance inspection in which Tom Koch and I conducted on June 11, 2009 with Dave Honeycutt reveals that Spring Valley Wildlife Area Headquarters has now abated the one violation discovered during the initial April 30, 2009 inspection as listed below:

Letter Citation #	Rule Citation
1	OAC Rule 3745-279-22 (C), Used oil storage requirements for generators

ODNR-Wildlife
June 12, 2009
Page 2

Enclosed you will find a copy of the checklist that was completed during the inspection. Should you have any questions, please feel free to call me at (937) 285-6456. You can find copy of the rules and other information on the Ohio EPA, Division of Hazardous Waste Management web page at <http://epa.state.oh.us/dhwm>.

Sincerely,

Jeffery H. Stark
District Representative
Division of Hazardous Waste Management
