Receipt of 2008 Hazardous Waste Annual Report

Dear Mr. King:

I am writing to notify you that I received the 2008 Hazardous Waste Annual Report for your site on October 28, 2009. I spoke with Terrence Finn by phone on November 11, 2009 to clarify or amend the following items:

1. I changed the NAICS code on the Site ID form from 33211111 to 332111, which represents Iron/Steel Forging.
2. I duplicated the GM page (both solid and liquid waste were reported together) in order to report them on separate GM pages so that each GM page reports only one type of waste with only one unit of measure. On the first GM page I retained the information for only the liquid waste, including all waste codes, Waste Form Code W206, and a quantity generated (Sec. 2, Box B) of 12303 gallons, all of which was reported as sent to Hukill with a Mgmt. Method Code of H141. Using Hukill's reported weight of 98424 pounds for this waste we arrived at a density of 8 pounds/gallon for this liquid. Information pertaining to solid wastes sent to Michigan was deleted from this page.
3. On the second GM page I retained the information for only the solid waste, including all waste codes, Waste Form Code W603, and a quantity generated (Sec. 2, Box B) of 53720 pounds (not cubic meters as originally reported – Michigan 2008 manifest data total exactly 53720 pounds). All of this material was sent to EQ Detroit with a Mgmt. Method Code of H111. Information pertaining to liquid wastes sent to Hukill was deleted from this page.

Please do not hesitate to contact me if you have any questions or concerns about any of these adjustments.

This report was requested by me in a letter dated September 25, 2009 indicating that King-Ohio Forge had not submitted a report for hazardous wastes generated during 2008. The report has been processed and entered into Ohio EPA's Annual Report database, and the violation has been abated. I recommend you file this letter with your Annual Report records in case there are any questions during an inspection. Feel free to contact me in the future at (614) 644-2891 or maryann.silagy@epa.state.oh.us.
