Re: **Notice of Violation of the Annual Hazardous Waste Report Requirement / Return to Compliance**  
**Container Compliance Corp. - OHD060431947**

Dear Mr. Davis:

The Division of Hazardous Waste Management (DHWM) received Container Compliance's 2006 Hazardous Waste Annual Report on May 30, 2007. This report was due on March 1, 2007. Because Container Compliance was in fact a Large Quantity Generator during 2006 and did not submit the Hazardous Waste Annual Report by the due date, Container Compliance was in violation of Ohio Administrative Code (OAC) Rule 3745-52-41. This rule requires a generator who ships any hazardous waste off-site to prepare and submit to Ohio EPA an Annual Hazardous Waste Report and to describe the type and amounts of waste generated and shipped off-site in the previous calendar year. Note that you did not complete the GM Form with the Source Code and Waste Form Code. DHWM used the codes you listed in the 2005 report (G02 and W101) to complete the form and process the report.

The violation has been abated with the receipt of the report. If you have any questions concerning the annual report requirements, you can reach me at (614) 644-2954 or tammy.heffelfinger@epa.state.oh.us.

Sincerely,

Tammy Heffelfinger
