**Re: Notice of Violation of the 2006 Hazardous Waste Annual Report Requirement/Return to Compliance  
Argo-Tech Corporation - OHD157367301**

Dear Mr. Richardson:

The Division of Hazardous Waste Management (DHWM) has received your 2006 Hazardous Waste Annual Report on May 21, 2007. This report was due March 1, 2007, and as a large quantity generator, you were required to file a completed report by this due date. The violation of OAC Rule 3745-52-41 for not filing has been abated with the receipt of the report. However, my review of this report shows that it is not complete. Ohio Administrative Code (OAC) Rule 3745-52-41 requires a generator who ships any hazardous waste off-site to prepare and submit to Ohio EPA a Hazardous Waste Annual Report and to describe the type and amounts of waste generated and shipped off-site in the previous calendar year. Please see the reverse side of this letter for the specific information that is missing from your report.

DHWM has made the changes to your report to abate the violation of OAC Rule 3745-52-41. There is nothing more that you need to do. Although you used the DRUMS software program to finish the annual report, it was incomplete. Running a validation report would have identified the missing information. The software program would have prevented you from submitting it electronically the way that you mailed it to me. Also, please note that your complete comments on the forms are not visible, as the text boxes do not expand when you print the pages. If you have questions concerning the annual report requirements, you can reach me at (614) 644-2954 or [tammy.heffelfinger@epa.state.oh.us](mailto:tammy.heffelfinger@epa.state.oh.us).

Sincerely,

Tammy Heffelfinger
