Re: **Notice of Violation of the 2006 Hazardous Waste Annual Report Requirement**
(Akzo Nobel - OHD981958044)

Dear Mr. Cecil:

The Division of Hazardous Waste Management has received your 2006 Hazardous Waste Annual Report on January 19, 2007. My review of this report shows that it is not complete. Ohio Administrative Code (OAC) Rule 3745-52-41 requires a generator who ships any hazardous waste off-site to prepare and submit to Ohio EPA a Hazardous Waste Annual Report and to describe the type and amounts of waste generated and shipped off-site in the previous calendar year. Because your submittal does not contain data required by the rule, you are in violation. Please see the reverse side of this letter for the specific information that is missing from your report.

To abate the violations of OAC Rule 3745-52-41, you must follow the instructions pertaining to your particular violations within 30 days of receipt of this letter. You should have on file the manifest records necessary for completion of the reports. OAC Rule 3745-52-40 requires generators to keep a signed copy of each manifest for a period of at least three years from the date the waste was accepted by the initial transporter. I will send a letter acknowledging receipt of the amendment after I review and process it. DHWM recommends using the free software to complete the reports to reduce the occurrence of errors in the data submitted. If you have questions concerning the annual report requirements, you can reach me at (614) 644-2954 or tammy.heffelfinger@epa.state.oh.us.

Sincerely,

Tammy Heffelfinger
Annual Report Coordinator
Regulatory and Information Services
Division of Hazardous Waste Management

Violation OAC 3745-52-41(A)(3) Receiving facilities

Veolia ES Technical Solutions reports receiving approximately 5000 pounds of D001 hazardous waste from Akzo Nobel during 2006. Neither this waste stream nor the receiving facility appears in your 2006 report.

Violation OAC 3745-52-41(A)(5) Hazardous waste description

The hazardous waste sent to Veolia in 2006 is not included in the report. Additionally, all hazardous waste codes that are applicable to your waste streams have not been listed in the report.

Please review the enclosed sheet showing the hazardous wastes received by Ohio Treatment facilities during 2006, and the applicable waste codes according to the treatment facilities, and make the necessary amendments to your report. The amendment should be sent back to me within 30 days of receipt of this letter. I can accept faxed amendments, via US Postal Service, or you may scan the pages and email them to me, just make sure to include a cover letter indicating that the pages are an amendment to the original report, and in response to this Notice of Violation.

Fax : (614)728-1245
