Re: Notice of Violation of the 2006 Hazardous Waste Annual Report Requirement / Return to Compliance
Avalon Precision Casting Co. - OHR000015834

Dear Mr. Kman:

The Division of Hazardous Waste Management (DHWM) received Avalon's 2006 Hazardous Waste Annual Report on March 27, 2007. This report was due on March 1, 2007. Because Avalon was in fact a Large Quantity Generator during 2006 and did not submit the Hazardous Waste Annual Report by the due date, Avalon was in violation of Ohio Administrative Code (OAC) Rule 3745-52-41. This rule requires a generator who ships any hazardous waste off-site to prepare and submit to Ohio EPA an Annual Hazardous Waste Report and to describe the type and amounts of waste generated and shipped off-site in the previous calendar year. Additionally, you have listed your site address for the last three years as 15584 Brookpark Road. Our records, and your company Web site, show the site address as 15583 Brookpark Road. You have also indicated in the report that Avalon has a permit to treat, store or dispose of hazardous waste on-site, and I do not see any permits assigned to your site. I have made both of these corrections to your reports for the last three years. Please take care when completing the forms to ensure that they are completed accurately.

The violation of OAC Rule 3745-52-41 for filing late has been abated with the receipt of the report. If you have questions concerning the annual report requirements, you can reach me at (614) 644-2954 or tammy.heffelfinger@epa.state.oh.us.

Sincerely,

Tammy Heffelfinger
Annual Report Coordinator
Regulatory and Information Services
Division of Hazardous Waste Management
