**RE: 2005 Hazardous Waste Annual Report Requirement
OHR000029033 – Former Marion Engineering Depot**

Dear Mr. Peters:

You are receiving this letter because Bonnie Buthker told me you are the project manager for the Former Marion Engineering Depot (RCRA EPA ID OHR000029033). On July 24, 2006, Ohio EPA's Division of Hazardous Waste Management (DHWM) issued a Notice of Violation to the Depot for failure to submit a 2005 Hazardous Waste Report. According to manifest data provided to Ohio EPA by Michigan's Department of Environmental Quality, the Depot shipped more than 27,000 tons of hazardous waste in 2005. Copies of the letter and the attachment of manifest data are enclosed.

This violation is still open and has never been resolved. DHWM did not receive a response from the Corps. Because of the significant public interest in this site, the large quantity shipped, and the need to maintain historical records on the hazardous waste activities at the Depot, I am requesting that you submit a completed report within 30 days of receiving this letter. The 2005 instructions and forms can be found via a link at the bottom of this Web page: http://www.epa.state.oh.us/dhwm/ann_report.html. The report should be mailed to me at the letterhead address.

If you have any questions, please contact me at (614) 644-2923 or via e-mail sent to paula.canter@epa.state.oh.us.

Sincerely,

Paula Canter
Environmental Specialist 3
Regulatory and Information Services
Division of Hazardous Waste Management
