Dear Mr. Dzurovcin:

Thank you for your September 15, 2010 response to Ohio EPA's September 9, 2010 Notice of Violation (NOV). Your response was received via e-mail on September 17, 2010.

The documentation you submitted included a photograph of spent fluorescent lamps inside a new box and an explanation that the box was closed after the photograph was taken.

The information you have submitted is sufficient to correct the outstanding violation cited in the NOV:

**1. Universal Waste Management Standards—Containers
OAC 3745-273-13(D)**

No response to this letter is required.

Please feel free to contact me at (330) 963-1170 if you have any questions.

Failure to list specific deficiencies or violations in this communication does not relieve Akron Anodizing from the responsibility of complying with all applicable Ohio EPA laws and regulations. Please be advised that present or past instances of non-compliance can continue as subjects of pending or future enforcement actions.

Sincerely,

Edward J. D'Amato
