Dear Mr. Gelsimino:

On January 12, 2010, I sent you a letter which listed violations and concerns found during the December 4, 2009 inspection of All Lift Service located at 4607 Hamann Parkway in Willoughby, Ohio. I received your January 22 and 29, 2010 response letters. As outlined below you have corrected all the issues found during the inspection.

1. OAC rule 3745-52-11 – Hazardous waste determination.
 - a.) Your January 22, 2010 letter states that you now have a storage container for waste lamps and that Hukill Environmental will pick these up. You also told me that Hukill Environmental actually will have these waste lamps recycled. This shows your correction of this violation.
 - b.) Your January 29, 2010 letter included sample data showing that these three wastes are not hazardous wastes. This shows your correction of this violation.
2. OAC rule 3745-279-22(C) - Used oil labels.
3. OAC rule 3745-279-72 – On-specification used oil fuel. Previously corrected.
4. OAC rule 3745-273-14(A) Labeling/marketing standards for small quantity universal waste handlers.
5. OAC rule 3745-273-16 – Employee training for handlers of universal waste. Your January 22, 2010 letter documents your correction of these violations.

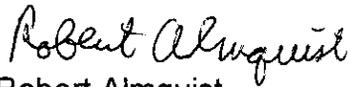

Your January 22, 2010 letter also adequately addresses my concern regarding the drum of rain water stored behind your building.
