NOTICE OF VIOLATION /

Mr. Ron Drozdowski
Chemtron Corporation
35850 Schneider Ct.
Avon, OH 44011

Dear Mr. Drozdowski:

Thank you for your May 25, 2010 response to Ohio EPA's May 4, 2010 Notice of Violation. Your letter was received by this office on June 1, 2010.

The documentation you submitted included the following:

1. Outlines of training given to employees on May 24, 2010 regarding inspection procedures and container marking/labeling procedures.
2. Copies of attendance sheets showing the relevant Chemtron employees received the above-referenced training.

Ohio EPA has reviewed the documentation you submitted and determined that it is adequate to correct the outstanding violation in the NOV:

**3. Tank System Inspections
OAC 3745-55-95, Permit Condition D.5**

The documentation is also adequate to address the two concerns regarding inspection procedures and the visibility of container labels.

No response to this letter is required.

Failure to list specific deficiencies or violations in this communication does not relieve Chemtron from the responsibility of complying with all applicable Ohio EPA laws and regulations. Please be advised that present or past instances of non-compliance can continue as subjects of pending or future enforcement actions.

Please contact me at (330) 963-1170 if you have any questions about the inspection or this letter.

Sincerely,

Edward J. D'Amato
