RE: COMP-CORP INDUSTRIES
SMALL QUANTITY GENERATOR
OHR 000 019 232
CUYAHOGA COUNTY
RTC

Mr. Mike Austin
Comp-Corp Industries
7601 Bittern Avenue
Cleveland, OH 44103

Dear Mr. Austin:

On November 7, 2007, the Ohio Environmental Protection Agency (Ohio EPA) received Comp-Corp Industries' (CCI) response to the Agency's October 31, 2007 Notice of Violation (NOV) letter. In the response, CCI described how used oil will be managed at the facility.

Ohio EPA's review of the documentation reveals that CCI has adequately demonstrated abatement of all violations discovered during the September 11, 2007 inspection.

At a minimum, CCI will be required to complete generator closure of the hazardous waste storage area once it is no longer used for the storage of hazardous waste. Additionally, at any time Ohio EPA may assert its right to have CCI begin facility-wide cleanup pursuant to the Corrective Action process under Ohio law. Due to the nature of the violations, CCI will be referred to Ohio EPA's Central Office for consideration of escalated enforcement.

Should you have any question, please feel free to call me at (330) 963-1278. You can find copies of the rules and other information on the DHWM's web page at <http://www.epa.state.oh.us/dhwm>.

Sincerely,

Wade Balsler
District Representative
Division of Hazardous Waste Management
