Container Compliance Corp.

Cleveland, OH 44102

Dear Mr. Mackall:

On December 29, 2009, we received additional documentation from you regarding hazardous waste training in response to our November 12, 2009 notice of violation letter. The response included a description of the hazardous waste training provided in December and the sign-in sheet for the training as well as acknowledgement from employees that they had received a copy of the contingency plan.

My review of the information submitted reveals that Container Compliance Corporation (CCC) has abated the following violation: **Training Description - OAC 3745-65-16(D)(3)**

The following violation remains:

Training Completion Documentation - OAC 3745-65-16(D)(4)

The latest revision of the contingency plan that I have (10/29/09) indicates John Tirbaso is the primary emergency coordinator and will receive the annual hazardous waste refresher training. However, I did not see his name on the sign-in sheet for the December training.

I discussed this matter with you via phone on January 11, 2010. Please have Mr. Tirbaso complete this training immediately and submit documentation of such to my attention by February 1, 2010.

Copies of Ohio's hazardous waste rules can be found at www.epa.ohio.gov/dhwm. If you should have any questions related to this letter, please do not hesitate to contact me at (330) 963-1226 or via e-mail.

Sincerely,

Sheryl K. Slone, P.E.
District Engineer
Division of Hazardous Waste Management
