RE: CUSTOM CRANKSHAFT
COLUBIANA COUNTY
RETURN TO COMPLIANCE (RTC)
COMPLAINT NUMBER 6989

Scott Watson
President
Custom Crankshaft, Inc.
1730 Annesley Road
East Liverpool, OH 43920

Dear Mr. Watson:

Thank you for correspondence, submitted by you and received on November 15, 2007, responding to Ohio EPA's NOV letter dated August 14, 2007.

Custom Crankshaft submitted documentation including: photographs of areas from which released used oil and contaminated soils and debris had been removed and of the open burning area after ashes and debris had been removed.

My review of this documentation indicates that Custom Crankshaft has adequately demonstrated abatement of the violation from the July 23, 2007 inspection cited in my letter of August 14, 2007, specifically:

OAC 3745-279-22(D) Generator must respond to used oil releases and perform cleanup steps.

Should you have any questions regarding this letter, please contact me at (330) 963-1165.

Sincerely,

Neil J. Wasilk
Environmental Specialist
Division of Hazardous Waste Management
