Dan Osadcuk
Custom Electric Service, Inc.
5530 Old Brecksville Road
Cleveland, OH 44131

Dear Mr. Osadcuk:

On March 8 and 10, 2010, the Ohio Environmental Protection Agency (Ohio EPA) received Custom Electric's response to the Agency's February 26, 2010 Notice of Violation letter.

The facility submitted laboratory analytical results for spent filters and bead blast media which will be managed as a hazardous waste. The facility also indicated the spent steel shot media will be sent for scrap metal recycling, and the spent lamps will be managed as a universal waste.

Ohio EPA's review of this documentation reveals that Custom Electric has adequately demonstrated abatement of all violations discovered during the February 18, 2010 inspection.

Should you have any questions, please feel free to call me at (330) 963-1278

Sincerely,

Wade Balsler
District Representative
Division of Hazardous Waste Management
